COLEMAN, ALTA.**

**Former Coleman
Publisher - Editor
Retires**
(Macleod Gazette)

H. T. Halliwell, whose retirement from the weekly newspaper field is announced on page four, was born in London, England, July 1, 1881. At 14 years of age he was apprenticed for seven years to a large printing and publishing house in Great Tower Street, London. On the outbreak of the South African War, 1899 - 1902, he enlisted for active service with the 18th Battalion Imperial Yeomanry, a mounted infantry unit, and served in northern Cape Colony and the Orange Free State.

On returning to England in August of 1902, he resumed his work to complete the unexpired term of his apprenticeship, but finding life in the big city somewhat monotonous after a more adventurous experience in the South African veldt, he emigrated to Canada in March of 1903, landing at Halifax and proceeding west to Brandon, Man., which was as far as his ticket allowed him to go from London.

From there he proceeded to Oxbow, a town in southwest Saskatchewan, on the Souris River. His first experience in weekly newspaper work was in this town where a printer - editor, John H. Noble, was starting in business.

Mr. Halliwell's first venture as editor and proprietor of his own newspaper was in the town of Morden, Sask. In 1913 he purchased The Estevan Progress, which he sold in 1925 and entered into partnership in The Weyburn Review.

Desiring a change from the Prairies, he purchased The Coleman Journal in 1927, in the then flourishing coal mining town of the Crows Nest Pass.

He continued there till 1940 when on July 1 he took over the job as publisher and editor of The Macleod Gazette, operating both papers for four years when he sold the Coleman paper to Thomas Holstead, a former Macleod boy, and who still runs the paper there, and will be remembered as one of the many young men who enlisted to serve in the Canadian Expeditionary Force (C.E.F.) as it was generally known.

Mr. Halliwell's retirement comes after almost 58 years in the weekly newspaper field of Saskatchewan and Alberta.

Among the offices he held in the newspapers association are president of Canadian Weekly Newspapers Association, elected at the national convention in Niagara Falls in 1939; vice-president and secretary-treasurer of Saskatchewan division of the CNA; president of Alberta Weekly News papers Association, 1937-38.

He is a member of the Masonic fraternity and was recently honored in the presentation of a 50-year jewel, by Macleod Lodge. He was a member of the former Great War Veterans' Association, now the Canadian Legion, since the GWVA was organized in 1918, and was honored by Macleod branch Canadian Legion with a life membership. He also is an honorary life member of the CWNA and the Alberta Press Association. He is a member of Macleod Lions Club, and was a charter member of the Estevan Rotary Club. He is a member of Christ (Anglican) Church.

In 1908 he was married to Sarah Margaret Moir, formerly of Charlton, Ont., when he was working on the paper in Oxbow. They have four daughters, Mrs. J. R. (Madge) Armstrong, of Vancouver; Mrs. Robert R. (Margery) Pattinson of Calgary; Mrs. A. G. (Wilma) Hayson of Lethbridge, and Mrs. John H. S. (Audrey) Moffit of Creston, B.C. They have three granddaughters and two grandsons.

On his retirement Mr. Halliwell carries with him the sincere good wishes of all his staff and of those who have been in any way associated with him in connection with the paper. They all wish Mr. and Mrs. Halliwell many years of good health and happiness, in which to enjoy the leisure they so richly deserve.

(EDITOR'S NOTE: With the retirement of Mr. Halliwell from the newspaper world, I would like to express my thanks to him for many helpful ideas and his kind acts. I will always cherish the memories of the many years I was employed by him as the most carefree and happy years of my life.

Vimy Smoker Is Held

The Coleman Branch No. 9 of the Canadian Legion, assisted by the Ladies' Auxiliary to the Legion sponsored a Vimy Night smoker in the club rooms Saturday night for members and guests of the Legion.

The affair got underway at 8:00 p.m. and the colorful program, directed by master of ceremonies, Max Brown of Blairmore, featured a variety program comprising the following:

On Canada by everyone; two-minute silence in honor of the War Dead, musical selection by the orchestra, comprising Eleanor Duncan, Joe Pavlus, B. Slapak and T. Hill; vocal solo Edna Campbell; violin solo, Tom Hill; orchestra selection; song by Max Brown; musical duet, Joe Pavlus and B. Slapak; chairman's address, Max Brown; solo, Mamie McDonald; piano solo, Eleanor Duncan, solo, Annie Stonehouse; orchestra selection and community sing-song.

After an intermission all joined in with the singing of God Save the Queen to complete the program. During the evening refreshments were served.

A colorful program was drawn up by Bob Parry, Edna Campbell, Maria Kinnear, Jack Paxton, Joe Moscianica and Auxiliary president Mrs. H. Campbell.

The program was superimposed with a map of the site of the Battle of Vimy Ridge with all of the small surrounding communities around Vimy where many of the troops were billeted.

Veterans of the battle recalled many of the names shown on the map. The smoker was to commemorate the anniversary of the Battle of Vimy Ridge on April 9th, 1917, in France.

Cancer Poster Winners Named

M. D. McEachern, Education committee chairman of the Crows Nest Pass Branch of the Canadian Cancer Society has this week announced the winners of the annual Cancer Society Poster contest for the Pass schools.

The posters were judged by a panel of teachers, including William Jalep, Mary Hvizdos, Anne Silama, Mrs. Mary Bodio and Mrs. Enid Gilmar at the Blairmore school on Wednesday.

Winners of the contest are grade seven and eight, 1st, Barbara Crippen, grade seven; Coleman; 2nd, Nancy Musgrave of Cowley, grade eight, Livingstone School, Lundbreck; 3rd, Diana DiBlasio, grade eight, of Blairmore Isabelle Sellon school, and 4th, Joyce Tostian of Cowley, grade eight, Livingstone School, Lundbreck. Grade nine and ten, 1st, Lorna Olivia, grade nine; Coleman; 2nd, Joanne Snell, grade nine, of Lundbreck, Livingstone school; 3rd, Ralphina Deluca, of grade nine, Coleman, and 4th, Randy Fabro, grade nine, Coleman school.

There were no entries from grade ten or eleven classes.

Brigade Has Successful Year

Fire Chief Henry Zak of the Coleman Fire Brigade, has reported that during the year 1960 the Coleman brigade held 50 practices with an average attendance of 85 per cent at all meetings.

During the year the brigade attended ten fires, which included six chimney fires, one grass fire, one hay shed and two home fires.

The two homes, one of which was furnished, were lost. There was one false alarm turned in. Three of the chimney fires attended resulted in no damage.

The report indicated that the fire brigade had enjoyed a successful year as the annual hose coupling competitions were well attended and the fire prevention week activities were well carried out.

The brigade again sponsored the poster and essay school contests during fire prevention week this year, and the brigade has indicated it will sponsor a \$25.00 scholarship for the school students.

The fireman's annual dance and banquet was also held and was well attended and much enjoyed.

Alberta's power resources, on completion of sources now under construction, is expected to be 1,116,000 kilowatts by 1968.

Crows Nest Pass Musical Festival Successful Event

One of the most successful Crows Nest Pass Musical Festivals, sponsored by Blairmore Lions Club, wound up on Wednesday evening, March 29th, when over 600 persons gathered in the auditorium of the Isabelle Sellon high school to attend the Grand Concert of Award Winners and the presentation of awards.

The grand concert featured 25 numbers presented by the winners of all Festival events.

Master of ceremonies at the affair was Lion President Fred Murray. One of the highlights of the evening came when Lloyd Powell of Vancouver, adjudicator of the Festival, played three piano selections which were well received by the audience.

Lion John Kerr was then called upon to present the awards and trophies and was assisted by Lion Bob Munson.

Winners of the trophies were:

The Walter Moser Memorial trophy, Marianne Spatuk and Louise Costigan, both of Blairmore, who had marks of 91, the highest in the Festival; the Blairmore Lions Club Challenge trophy, won by Eric Price, Blairmore; the Crows Nest Pass Symphony Orchestra and St. Anne's Choir, all of whom tallied 90 points; the Blairmore Board of Trade Challenge trophy, Marianne Spatuk and Louise Costigan, both of Blairmore, with 91 points; the John Ferstay Challenge trophy, Tommy Williams of Lethbridge, with 88 points; the L. L. Morgan Challenge trophy, won by Eric Price and Valerie Ann Smith, both of Blairmore, with 90 points; the J. E. Upton Memorial trophy, won by Ricky Gris of Natal, B. C., and Dick Burgman of Blairmore (clarinet), with 87 marks; the Blairmore Lions Club String Solo award, won by Tommy Williams of Lethbridge, with 88 points; the Blairmore Lions Club Junior Vocal Award won by Valerie Ann Smith of Blairmore with 90 marks; the Blairmore Lions Wind Instrument award, split by Louise Gris of Natal, and Dick Burgman of Blairmore (clarinet), with 87 points.

Mrs. Bond's Grade 3 room of Cameron School, Coleman, first 10-12 Singing with 85 pnts.

Mr. Powell was then called upon to present the Blairmore Lions Club Scholarship of \$50.00 to the competitor in the Festival showing in the opinion of the adjudicator, the greatest musical promise.

In making the announcement Mr. Powell stated that competition in the Festival had been high. He then called Peter Costigan of Blairmore, and awarded him the scholarship, recommending that the lad continue his career of music.

In the conclusion of the program Lion John Kerr expressed the thanks of the Lions to all who assisted with every phase of the cultural affair.

Action At Plant Site

Signs of action at the site of the Sulphur Plant at Sentinel are being noticed this week as ground work for the \$11,600,000 units have begun.

It has been learned that Bannister Construction of Edmonton, will be doing the pipeline work from Savanna Creek south to the Sulphur plant west of Coleman.

The plumbing work at the plant has been sub-let to Trotter and Morten Ltd., and a new one car load of steel-lined pipe has arrived already.

The Foundation Company of Canada will be doing the cement work for footings and other necessary ground work for the plant.

Meanwhile a road has been graded into the property of the old airport where the processing plant is to be built. It is expected that activity on the project will increase considerably during the next few weeks.

Door Prize Winners at Salus' Grand Opening

The winners of the door prizes at Salus' Dry Goods Grand Opening Sale were:

First, Mr. Joe Zenek of Frank, \$25 merchandise Voucher.

Second, Mrs. J. Chalmers, Coleman, \$15 merchandise Voucher.

Third, Mrs. Sarah Mackie, Blairmore, \$10 merchandise Voucher.

Reserves in Alberta's oil-soaked sand are estimated from 100,000,000,000 to 250,000,000,000 barrels.

Coleman Couple Return From European Trip

Mr. and Mrs. Louis Bubniak have returned home after having spent a holiday visiting in their homeland of Czechoslovakia.

The couple left Coleman for Gary on December 18th and boarded a TCA plane at 7 p.m. for Montreal. From this point they travelled by KLM jet to Amsterdam and then to Prague by Czechoslovakian airlines, arriving at their destination at 7 p.m. December 20th.

They highly commended TCA for the service they received when they had to spend some time in Montreal due to a delayed flight on account of weather conditions.

One of the highlights of their trip was on the plane from Amsterdam to Prague, when Mr. Bubniak, sitting in his seat, happened to hear a number of persons talking in English, and talking about their hockey team. Realizing that the team was the Winnipeg Maroons, who were on a European tour, Mr. Bubniak casually asked the man sitting across from him, "Do you think you will win your next game?" The man who later turned out to be coach Simpson of the Maroons was so pleased at meeting a Canadian that he gave Mr. Bubniak four tickets to the game to be held at Bratislava, capital of Slovakia, where the Maroons met the Czechoslovakian team.

While visiting at his home town of Lubela, Slovakia, Mr. Bubniak also met some old friends in a nearby village, the parents of Stan Mikita, now playing with the Chicago Black Hawks. Referring to hockey, Mr. Bubniak stated that while on his trip children played hockey on every piece of ice or pond in the country, and the game there is called Canadian hockey. He also mentioned that skiing has become a very popular sport.

The occasion of the trip marked the couple's first return to their homeland in 35 years, since coming to Coleman in 1927. Mr. Bubniak has worked in the mines here until 1944 when he went into business himself.

While on his trip the couple visited many communities in their native land and also spent some time in the well-known Demansko Caves in the Tatra Mountain area.

Prior to his returning to Canada, Mr. Bubniak gave a 15-minute address over the village public address system and expressed thanks for the excellent reception he and his wife were given at all points.

Lions Sight Conservation Continues

The Coleman Old Age Pensioners Association held its regular meeting last week when Mr. and Mrs. Joe Stephenson members of the Association, were honored on the occasion of their fiftieth anniversary.

Mrs. Stephenson was unable to be present for the affair.

On entering the hall, Mrs. Stevenson was welcomed by the president of the Association, Mrs. Lena Bouthillier, who pinned a corsage on the honored guest. Also seated at the affair was Jack Johnson, an old-timer of Coleman, who was celebrating his 84th birthday.

For this special occasion, a program of entertainment was provided by the young people of Coleman, who took part in the recent musical festival.

The program comprised a piano duet by Ralphine Deluca and Ken Murdoch; a piano solo by each; a piano solo by Lorraine Petsuk and Arlene Krywolt; a piano accordion solo by Eddy Cornett and a solo by Judy Coover followed by a skit of old-time songs presented by Mrs. J. Ruston and Mrs. J. Joseph.

Master of ceremonies for the affair was President Mrs. Lena Bouthillier, while Mrs. Amy Penny provided piano accompaniment.

Following the program the guests enjoyed a lunch and an anniversary cake decorated in white and gold, which was brought to the meeting by Mrs. Stephenson who wished all of her friends to enjoy, in return for the many good times she had enjoyed at the Association functions.

At the conclusion Mrs. Stephenson again expressed her thanks to the Association for the recognition they had shown to herself and her husband.

Coleman Lions have also taken part in the Glasses for India campaign during the past few years and well over 300 pairs of used glasses have been collected, sorted and packed and then sent to Devon, Alberta, from where the glasses are redistributed to parts of India for Hindu persons needing glasses.

A donation to the Canadian Cancer Society is an investment in health.

Remington Portable Typewriters

Cancer Workshop Is Held

Over 40 persons from the Crows Nest Pass towns attended an afternoon and evening Cancer Society Crusade Workshop held in the Catholic hall in Coleman Thursday, April 6th.

The affair got underway when Mrs. Helen Neddo, president and Crucide chairwoman of the Crows Nest Pass branch, gave an introduction to the Workshop and expressed welcome to all attending the affair. Mrs. Neddo outlined the plans for the forthcoming Cancer Crusade and urged everyone to take an active hand in the affair.

A film "The Canadian Cancer Crusade" was then shown, showing the work being done by research departments and other branches of the Society.

The canvassers kit was then thoroughly explained by F. J. Morris, field secretary, Alberta division of the Canadian Cancer Society, who singled out the importance of every donation, whether it be a few pennies from a child, a quarter from a pensioner or a thousand dollars from a well-to-do person — every donation was important and a receipt should be issued.

During his talk Mr. Morris pointed out that not a penny of the funds are used for banquets, or suppers as payment for this is made by a former Calgary couple, now residing in California, who make an annual donation for this specific purpose.

He said that last year they had donated over \$8,000 for this purpose. Following a question period Mr. Morris gave an interesting talk on the Cancer Clinic. He indicated that all cancer tests and surgery was free of charge, and that many drugs and after-treatment is also free.

A hot turkey supper was then enjoyed at the Workshop. Mayor Frank Aboussy was present and commended the Cancer Society for the excellent work they are doing.

Resuming the Workshop, Mrs. F. W. Utley of Bellevue, chairman of the Welfare Committee of Crows Nest Pass branch, and Miss P. N. McGuire, nursing consultant, Alberta Division of the Cancer Society, outlined many of the Society services to cancer patients.

The next speaker was M. D. McEachern of Bellevue, chairman of the Education committee of the local branch, who gave an outline of what has been done during the past year. He mentioned the many pamphlets that have been distributed, and he also mentioned the Cancer Poster Contest held in the local schools.

A film strip "To Smoke Or Not To Smoke" was then shown dealing with Cancer Education in the school. The film is one that is being shown to school students, giving the facts about lung cancer: how tar in cigarettes affects the lungs and bronchial tube lining, and after presenting them with the facts let them decide about cigarettes and smoking.

At the conclusion of the meeting the speakers were given a vote of thanks.

Blood Clinic April 26th

Mrs. Anna Fabro, representative of the Blood Donor Clinic in Blairmore, has announced this week that the Spring Clinic will be held in the Elks hall in Blairmore on Wednesday, April 26th, from 2:00 p.m. to 3:00 p.m. in the afternoon and from 6:30 to 9:00 p.m. in the evening.

The Clinic is for donors from all of the Pass towns and all donors and persons wishing to donate blood are urged to attend as there is a great need of blood in the province.

During 1960 two clinics were held — one in April, when 184 pints were collected, and another in October, when 128 pints were collected, to total 312 pints of blood.

During the past year the Red Cross has supplied the Crows Nest Pass Municipal Hospital with a total of 193 pints of blood that was needed for local persons.

All donors are urged to attend the Spring Clinic and it has been announced that transportation is being arranged for those persons living out of town, and for those who would be unable to attend the clinic otherwise.

Two Coleman Youths Sentenced To Jail Terms

Two Coleman youths, Billy Featherstone, 19, and Bobby Proc, 16, appeared before Magistrate F. S. Radford of Blairmore on Saturday, April 8th, on charges of breaking and entering and committing an indictable offence.

As a result of the theft Featherstone was sentenced to spend two years in the Prince Albert penitentiary, and Proc was given 12 months in the Lethbridge provincial jail. Recommendation was made that he be sent to Bowden.

The case arose as the result of a theft from the Coleman Legion during the early morning hours of Thursday when a safe containing over \$200.00 cash and some valuable papers, was removed from the club.

Entry was gained into the premises by means of the youths climbing up a wall over eight feet high, smashing a window, then undoing the latch and entering through the window.

Rifling through the till, the lads found nothing, so they continued their search of the building and found the safe in the office.

Unable to open the 300 pound safe, the youths pushed it near the front door on the main street and then went to East Coleman where they got the Proc boy's father's car. They drove back to the Legion and opened the door which they left unlatched and carried the safe into the trunk of the car.

They then proceeded to the far west end of Willow Drive where they cut the bottom out of the safe with an axe.

The contents of the safe were removed and the safe dumped into 18 inches of water in the Crows Nest River.

The theft was noticed next morning and reported to the Police Chief Ed Corson, who, assisted by Chief R. Dunlop of Blairmore and Chief Bill Favel of Bellevue, carried out an initial investigation.

During the early morning hours of Friday morning, around 1:30 a.m. Chief Corson was patrolling the highway and on a routine check stopped a car being driven by Featherstone and Proc.

He asked the boys where they were going and they said to visit relatives in Windermere, B. C.

Suspicious of the lads and playing a hunch, Chief Corson searched the car and found money hidden under the seat of the car. Further questioning led to a voluntary statement by Proc.

Chief Corson was of the opinion that the theft had been committed by juveniles due to the way the premises were entered and also due to the fact that a box of peanuts was taken but cigarettes were not touched.

President of the Legion, Glen Poulton, and some other Legion men visited the area where the safe was found and recovered the title of the Legion building and other documents, but some papers were damaged by the water.

88 Rinks Play
In Blairmore
Bunny 'Spiel

All Crooks and his mates from Calgary grabbed the top honors in the annual three-day Blairmore Bunny Bonspiel.

Crooks came up with a final decision over Jim Livingston's quartet of Kimberley, B. C., to take the No. 1 Easter Bunny event and finish the affair with a perfect record of six wins and no defeats.

Eighty-eight rinks from various points in Alberta and British Columbia participated in the final bonspiel scheduled for the Blairmore Curling Club this season.

The Ken Koryk rink of Coutts walked off with the No. 2 Easter Egg event while the Rina Cattono foursome of Blairmore, was the runner-up. George Jenkins of Coleman displayed fine form and dropped the Oliver Westrup quartet of Cranbrook in winning the No. 3 Easter Bunny event.

Ralph Townsend and his aggregation from Fort Macleod coppered the honors in the No. 4 Easter Parade affair with a final victory over Al Schiemer of Calgary.

Stu Mason and his rink from the cowtown grabbed the final No. 5 Easter Rabbit's Foot event as they defeated Norm Orkuse of Edmonton.

Four prizes were awarded to the top four quartets in each event.

and totalled over \$2,000. No rink picked up more than one event in the straight-line 'spiel.'

United Nations Children's Fund Raise \$260,000

The National UNICEF committee announced today that a total of \$260,000 had been collected by Canadian children in their Hallowe'en program sponsored by the United Nations Children's Fund last fall.

Mrs. D. W. Heywood, vice-chairman of the committee and spokesman in the absence of Mrs. Jean Arnold Tory, National chairman, stated: "This sum represents the efforts of 300,000 children in communities from Newfoundland to British Columbia who added the aspect of sharing to their Hallowe'en fun by collecting coins for UNICEF as well as treats for themselves. As a result of this gift, thousands of youngsters afflicted by disease and malnutrition in the less prosperous areas of the world will be given healthy bodies and the opportunity to lead normal lives."

Participants in UNICEF's Hallowe'en project included groups ranging in size from the tiny villages of the Prairies to the larger metropolitan areas in Southern Ontario.

Provincial committees set up in Quebec, New Brunswick, Nova Scotia, Manitoba, Ontario and British Columbia, gave co-operation to publicity and distribution of educational materials.

Many of the larger centres organized plans on a community-wide basis with several groups of children canvassing together and attending Hallowe'en parties. In Ontario alone, under the auspices of Mrs. Kate Aitken, provincial chairman, over 20 communities established district UNICEF committees, each providing speakers and films on UNICEF's work to their area before Hallowe'en and maintaining facilities for accepting the coins following the collection.

Most children in towns and rural communities held their Hallowe'en project on an individual group basis with a teacher or club leader directing the activities.

As far away as Canada, Canadian children stationed with their parents continued to participate in "Hallowe'en for UNICEF" as they did when they were in Canada.

One report from the leader of the Brownie pack at Metz, France described how \$60.00 was raised through Hallowe'en celebrations at the Canadian Air Force base.

Schools, churches, youth organizations and service clubs were among the main supporters of UNICEF's program. In pre-Hallowe'en studies, leaders and teachers stressed the importance of understanding youngsters in other lands and their differences in customs, habits and living conditions.

Film-strips, posters, pamphlets and films all helped to tell the story of the less prosperous countries of the world. Prior to Hallowe'en night children were provided with tags and containers bearing the UNICEF symbol to carry them in their collections. The spirit of October 31 remained essentially the same—with boys and girls masquerading as eerie ghosts or terrifying witches, but with the added knowledge that every penny collected would provide a child in Italy with a glass of milk for a week, or cure a youngster in Chile of TB; coins became as important to collect as candies and apples.

As one UNICEF official stated, "The enthusiasm and unselfishness which Canadian children have displayed in this effort to help their unfortunate counterparts has made 'Hallowe'en for UNICEF' the greatest humanitarian act ever to be undertaken by youngsters."

UNICEF's voluntary operations have been in existence in Canada for the past six years. Beginning in 1955, the National UNICEF committee was established as an organization to inform the public of UNICEF's work abroad and to encourage participation in the Hallowe'en program and the sale of UNICEF greeting cards. "Hallowe'en for UNICEF" started as a local venture in Ontario with \$15,000 raised the first year, and since then has developed into a national effort with \$42,000 collected in 1956, \$75,000 in 1957, \$125,000 in 1958, and \$200,000 in 1959.

This year's contribution of \$260,000 will be presented to Mr. Maurice Poitras, executive director of the United Nations Children's Fund at

the New York headquarters in April by one of the young Hallowe'en canvassers from Quebec. Combined with the Federal government's annual gift of \$650,000, Canada's total donation to UNICEF will go a long way towards promoting the ultimate goal of good health for children in all parts of the world.

Blood Supply Is Maintained

Last year the Red Cross Blood Transfusion Service provided 40,354 bottles of blood required for transfusions to over 18,000 patients in Alberta hospitals.

These figures on the major Red Cross program operating the province, were revealed in a joint report by Dr. D. I. Buchanan and Dr. Eric W. Nation, medical directors of the two Alberta B.T.S. depots in Edmonton and Calgary. Total blood collected during the year was 64,943 pints, the report showed.

In his report on the Edmonton depot Dr. Buchanan noted that 32,920 bottles of blood were collected by Red Cross permanent and mobile clinics in northern Alberta in 1959 with some 30,895 bottles issued to hospitals in the north.

More than 22,460 blood transfusions were administered to 9,624 patients in this area.

Plasma In Demand

Freshly frozen plasma continued to be much in demand for haemophilia cases, the report showed. Last year 179 bottles of frozen plasma prepared in Edmonton was administered to 43 patients. Some 270 pools of liquid plasma were shipped from Edmonton to Connaught Laboratories, Toronto, during the year for fractionation. This is an increase of 31 bottles over 1959.

Speakers Address Pass Unemployed

Well over 100 persons met in the Union hall in Blairmore Thursday evening, April 6, to discuss the unemployment situation in the Pass towns. Chairman of the meeting was the Blairmore Union President Albert Mark, who, in his introductory remarks, pointed out that this meeting was not a political one, but was for the purpose of seeing that unemployed persons in the Pass are employed in the construction of the gas processing plants, west of Coleman, before out-of-the-district persons were employed.

Mr. Mark then introduced the following persons who had been invited to attend the meeting — Lawrence Kindt, MP; F. J. Lote, manager of the Blairmore National Employment Service offices; W. W. Hawley, district representative of Lethbridge Building and Construction Trades Council; Robert Wiley, Carpenters' Union representative; John Ferguson, of the provincial government Labor Department and D. McDonald of the UMWA.

Mr. Mark stated that William Kovach, MLA, was to have been invited to attend the meeting, but due to an error made by the committee, Mr. Kovach was not contacted in time and had returned to Edmonton as the Legislature was in session.

Dr. Kindt, the first speaker, in his opening remarks, stated that while Coleman and Michel in the Pass area, were booming and were optimistic of the future, Blairmore and Bellevue were experiencing a crisis.

He stated that the federal government had raised subsidies on coal for export from \$6 per ton to \$4.50 per ton, so that mines here and in Western Canada could ship coal to Japan. He stated that last year some 650,000 tons were shipped to Japanese markets and this year Michel, B. C., had an order for 300,000 tons, and Coleman Collieries had an order for 170,000 tons.

He said that the West Canadian Collieries were not taking any orders. He added that the Unemployment Committee here wanted to know what the attitude of the West Canadian Collieries was towards taking orders from Japan as this point tied in greatly with the unemployment situation now present in Blairmore and Bellevue.

Dr. Kindt told the meeting he would give his own views candidly and said that he did not think that there was any deal on with regard to the transference of properties.

(Rumors here have inferred that WCC have been dealing with USA firms to sell the mine properties but no confirmation on this has been officially announced).

Dr. Kindt stated that he had spoken to mine officials and one official had told him "any unemployed miner is a fool not to take any job that comes along."

Dr. Kindt added that the company argued that cost of production does not warrant them taking any orders. He added that William Bird, who has now taken up residence in Penticton, B. C., would also signify that prospects of opening the mine were small.

He said that he had spoken to Mr. J. A. Brusset of Calgary, vice-president of West Canadian Col-

lieries, and that Mr. Brusset would make no commitments.

Dr. Kindt also added that he had no information as to any other persons or firms taking over the WCC. He then stated that the federal government had spent over five million dollars on subsidies on the Crows Nest Pass and on Western Canada to assist the miners, and he added that they were ready to continue this assistance if the Company wished to go after Japanese orders. Dr. Kindt then mentioned the two plants being built west of Coleman, and another \$20 million one west of Pincher Creek. He said that Mr. Lote had spoken to the companies doing the work and had stressed the need of hiring local men. He concluded by adding that they would do all possible to see that local men would get first chance on construction jobs.

The next speaker, F. J. Lote, stated that the contractors and the sub-contractors had been contacted as well as unions, MLA's and MP's, regarding the best approach of getting jobs for the unemployed of the area. Mr. Lote stated "we had a tough job to do as this is a country of free enterprise and we had to sell them on the fact that we had good employees to offer."

Mr. Lote stated the contractors had agreed to do all hiring through the offices of the Unemployment Commission, which would simplify matters of hiring for contractors, and would make it easier for local men to be employed at the plant.

He made reference to the fact that during the war when coal was needed, men were frozen to their jobs, and were in a state of semi-interment, but now miners were free to go where they liked and left to paddle their own canoes, and were not getting much help from anyone. He said that he was thankful to see that such an active committee had been formed here as there was almost a million unemployed in Canada today and nothing was being done. He commended the Unemployment Commission for their work and also Mr. Lote. In closing he said that if the UMWA could assist in any way they would be ready to serve.

Dr. Kindt then addressed the meeting and told the meeting that one of the things badly needed in south-west Alberta today was a vocational technical training school.

He said the federal government would pay 75 per cent of the cost of buildings and 50 per cent of operational costs of such a school.

Selecting the site for such a school, he added, was in the hands of the provincial government (Department of Education). He said that if they looked with favor on such a school being established in this area he would do all he could to get funds to make it possible.

He felt that such an institution was long overdue for this area, as it was too far to send persons to such schools in Lethbridge, Calgary and Edmonton. He felt that such services should be made available to areas with a population of 10,000 so that men out of work and young people leaving school would have a chance to

get funds to make it possible.

He said that it was reported that men

were let off. He added it is wrong

to ask a man to pay his dues be-

fore he gets his day's pay. He

said that it was reported that men

were told that they have to pay

\$50.00 by April 10th and further-

more that they had to go to a site

out of the Pass to make payment.

W. W. Hawley of Lethbridge, the

next speaker, told the meeting he

was 100 per cent behind the move

of hiring local men for the jobs

if the men were qualified to do the

work.

He advised the meeting that he

would be visiting the Pass once a

week on Thursday on union busi-

ness, and any complaints were

made to him regarding men being

laid off or fired, he would investi-

gate. He stated that men joining

the Unions would have three pays

to make their initiation payments,

and that men were to join the

union after they had secured a job.

Mr. Lote asked if a local union

office would be set up so that a

man, getting a job, could get his

union card without having to run

all over the country to get it.

A later reply indicated that Mr.

W. W. Hawley would be in the Pass once a

week for this purpose.

The next speaker was Robert

Wiley, representing the Carpenters' Union, who stated that he had spoken to some of the head men from Canadian Bechtel and that they had advised him that Pass men were to be hired first. Mr. Wiley stated that work on the construction of the plant west of Pincher Creek was scheduled to start around the first of May, and he was of the opinion that very few from Pincher Creek would want to come to the Pass to work on the construction of the plants at Coleman.

He said that so far only one per-

son wanted to come to the Pass to work.

These references were made with regard to some statements made indicating that Union fees were high at Pincher and men seemed disatisfied.

Mr. D. McDonald, representing the UMWA, was the next speaker and in a short address, stated that it was gratifying to know that everyone here was pulling together to see that local men would be employed at the plant.

He made reference to the fact

that during the war when coal was

needed, men were frozen to their

jobs, and were in a state of semi-

interment, but now miners were

free to go where they liked and

left to paddle their own canoes,

and were not getting much help

from anyone. He said that he was

thankful to see that such an active

committee had been formed here as

there was almost a million unem-

ployed in Canada today and nothing

was being done. He commended the

Unemployment Commission for their

work and also Mr. Lote. In closing

he said that if the UMWA could assist

in any way they would be ready to

serve.

He said that it was reported that

men were let off. He added it is wrong

to ask a man to pay his dues be-

fore he gets his day's pay. He

said that it was reported that men

were told that they have to pay

\$50.00 by April 10th and further-

more that they had to go to a site

out of the Pass to make payment.

W. W. Hawley of Lethbridge, the

next speaker, told the meeting he

was 100 per cent behind the move

of hiring local men for the jobs

if the men were qualified to do the

work.

He advised the meeting that he

would be visiting the Pass once a

week on Thursday on union busi-

ness, and any complaints were

made to him regarding men being

laid off or fired, he would investi-

gate. He stated that men joining

the Unions would have three pays

to make their initiation payments,

and that men were to join the

union after they had secured a job.

Mr. Lote asked if a local union

office would be set up so that a

man, getting a job, could get his

union card without having to run

all over the country to get it.

A later reply indicated that Mr.

W. W. Hawley would be in the Pass once a

week for this purpose.

The next speaker was Robert

Wiley, representing the Carpenters' Union, who stated that he had spoken to some of the head men from Canadian Bechtel and that they had advised him that Pass men were to be hired first. Mr. Wiley stated that work on the construction of the plant west of Pincher Creek was scheduled to start around the first of May, and he was of the opinion that very few from Pincher Creek would want to have the Lethbridge station tuned in. He said that plans are now well underway and that Mr. N. Bottrell of CJOC was working on the matter and as soon as news were out of the mountains work on this project would start.

Following a question period, Mr.

Wiley expressed the thanks of the Unemployment Committee and all present to the speakers.

learn a trade. He continued stating that the federal government hasn't got the decision in the matter but the provincial government has and he suggested that pressure be brought to bear on the government for such a school.

He said that he had received many letters from residents in this area regarding the erection of an Old Folks' Home in the Pass for local old people. He said he had no authority in this matter and that this was a provincial government decision.

With regard to a television station satellite being set up in the Pass to provide TV for all Pass towns, he stated that it was hoped that the satellite would be installed before fall so that residents would be able to have the Lethbridge station tuned in. He said that plans are now well underway and that Mr. N. Bottrell of CJOC was working on the matter and as soon as news were out of the mountains work on this project would start.

Following a question period, Mr.

Wiley expressed the thanks of the Unemployment Committee and all present to the speakers.

"I welcome this opportunity to extend my best wishes to all who will participate in the celebration of the Fourth Annual Chamber of Commerce Week."

Elks Name Bingo Winners

The Coleman Elks Lodge held its regular bingo Friday night when the \$200.00 cash jackpot prize was won by Mrs. Doreen Hruby of Bellevue in a \$4 number blackout.

The next bingo night will be held in the hall on Friday, April 14th, when a jackpot prize of \$200.00 will be offered for the first blackout in numbers.

Other winners at the affair were:

Ham, Mary Rypien.

Rod and reel, Pete Youschok.

\$14, Jack Goulding.

Coffee table, Rene Yeliga.

Turkey, Jack Goulding.

\$15, Mrs. J. Mayerchuck.

Four piece Presto cooking set,

Rene Rinaldi.

Ham, Bill Kozak.

Turkey, John Hardy.

All above from Coleman.

\$12.50, Joe Sygulek.

\$25, Mrs. Ivan Johnson, Blair-

more.

Turkey, Helen Coccilone of Hill-

crest.

\$10.00 cash split by Ella Barnett of Bellevue, and Betty Welsmeyer of Blairmore.

Mrs. "Pep" Oliva was a Calgary visitor last week.

Since 1947 the Canadian Cancer Society has provided \$8,847,126 for research.

Announcement

Fire Guts Coleman Home

Fire of undetermined origin gutted the interior of the Mike Kinakin home at the east end of Coleman on Thursday, March 30.

Mr. and Mrs. Kinakin and three children had left earlier in the day to spend the Easter holiday visiting with relatives in British Columbia.

The Coleman Fire Brigade arrived on the scene in very short order but were hampered in their efforts due to dense smoke inside the home, making it very difficult to locate the fire.

Considerable smoke and water damage resulted to the interior of the home and the belongings. The house, a four-room frame structure, is insured, but an estimate of the damage has not yet been announced.

Feel Bad?

No healthy person can really sympathize with the sick until he has felt the same distress.

How wonderful it is to enjoy vibrant health!

Wealth means nothing when Health is gone.

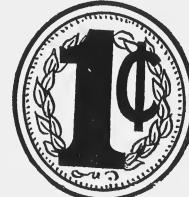

The best investment a person can make is health improvement.
